OBJECTIVE

A passionate engineering student seeking Software Developer / SDE Intern roles, skilled in MERN stack web development and building scalable web applications

EDUCATION

Anil Neerukonda Institute of Technology and sciences, Visakhapatnam,   Expected 2027
B.Tech in Electrical and Electronics Engineering
CGPA: 8.72

Bhashyam Junior College, Guntur BIE-AP   2021 - 2023
Percentage: 903/1000

Bhashyam High School, Penugonda BSE-AP   2020 - 2021
CGPA: 10.0

SKILLS

Languages: C, Java
Computer Science: Data Structures and Algorithms (Java), Object-Oriented Programming, Problem Solving
Web Development: HTML, CSS, JavaScript, React.js, Node.js, Express.js (MERN Stack)
Other: Git, Postman, VScode

PROJECTS

- **MyBookHub** Link   *July 2025 - Present*
  A student-friendly web platform to buy/sell old books, donate books, and order customized printouts. Designed to make learning resources affordable, accessible, and sustainable.
  Built with **MERN** stack (MongoDB, Express.js, React.js, Node.js) ensuring smooth end-to-end functionality.
  Implemented book listing, printout ordering, and donation request features with clean and responsive UI.
  Onboarded 300+ users from college community
  Integrated **REST APIs** for data handling and Postman for testing endpoints.
  Applied Git for version control and deployed successfully on Render for public access.
  Tech Stack: React.js, Node.js, Express.js, MongoDB, Git, Postman

- **Recipe Finder** GitHub   *January 2025*
  Web app to search and explore recipes based on ingredients, built with React.js and integrated with a third-party API for real-time recipe data.
  Tech Stack: JavaScript, HTML, CSS

CERTIFICATIONS

MERN Stack Development - Udemy

Introduction to Java- Sololearn

C Programming - Infosys SpringBoard

ACHIEVEMENTS

- Runner up at **HackVision 2k25** organised by Dept of EEE,ANITS

- Winner at **Business Combat 2k26** organised by Dept of ECE,ANITS
