OBJECTIVE

MERN stack developer seeking SDE Intern roles, experienced in building scalable web applications, API-driven systems, and user-focused solutions for real-world problems.

EDUCATION

Anil Neerukonda Institute of Technology and Sciences, Visakhapatnam Expected 2027

B.Tech (EEE), CGPA: 8.72

Bhashyam Junior College, Guntur 2021–2023

MPC, Score: 903/1000

Bhashyam High School, Penugonda 2020–2021

CGPA: 10.0

SKILLS

Programming languages: Java, Python, C

Web development: HTML, CSS, JavaScript, React, Node.js, Express.js, MongoDB, SQL

Core CS: DSA, OOP, Problem Solving, REST APIs, Authentication

Tools: Git, Postman, VS Code

PROJECTS

MyBookHub ([Live](#)) July 2025–February 2026

- Developed full-stack MERN platform for book trading, donations, and print services with responsive frontend and scalable backend modules.
- Onboarded **300+ users** and integrated REST APIs, authentication, and database operations for smooth end-to-end workflows.
- Led frontend development and managed API integration to improve usability, data flow, and platform reliability.

Driving School & Travels Platform ([Live](#)) March 2026

- Built full-stack platform for bookings, car sales, and travel services using Node.js, Express.js, MongoDB, HTML, CSS, and JavaScript.
- Designed and integrated backend APIs for booking and customer management, streamlining service operations and reducing manual effort.
- Automated service workflow to improve accessibility and reduce booking time for users through digital form-based processing.

ADDITIONAL

Certifications:

MERN Stack Development [Udemy](#)

Introduction to Java [Sololearn](#)

Introduction to SQL [Sololearn](#)

Introduction to Python [Infosys Springboard](#)

Soft Skills: Problem Solving, Teamwork, Communication, Adaptability

ACHIEVEMENTS

Winner at Business Combat 2k26 organised by Dept. of ECE, ANITS

Runner-up at HackVision 2k25 organised by Dept. of EEE, ANITS
